DNP Hosts Daily Product Giveaway at ImagingUSA 2016

Show attendees can enter daily for a chance to win a DNP DS620A™ Dye-Sublimation Printer, WPS-1 Wireless Print Server and Fitbit Charge HR™

ORLANDO, Florida – DNP Imagingcomm America is hosting a daily product giveaway of its new DS620A photo printer and WPS-1 Wireless Print Server at ImagingUSA 2016. Expo attendees must visit the DNP booth #1426 to enter to win. Attendees also have the chance to win a FitBit Charge HR™ wireless heart rate activity wristband by filling out a brief survey at the booth. The daily winners will be announced each day of the expo on January 10-11 at 4:00 pm and January 12 at 3:00 pm at the DNP booth.

As the latest addition to DNP's award-winning line of DS Series printers, the DS620A is the world's most compact professional-grade photo printer and can produce up to 400 prints per hour. The DS620A is capable of producing 2"x6" (2-up) photo strips, 2"x6" (4-up) photo strips, 3.5"x5" (2x), 4"x6", 4"x6" (2x), 5"x7", and 6"x8" prints as well as new 5"x5" and 6"x6" square prints in a newly improved gloss or matte finish.

DNP's WPS-1 Wireless Print Server is a mobile photography solution that enables wireless printing to its DS and RX series printers from WiFi-enabled DSLR cameras, Windows/Mac computers, and Android/iOS phones. With its own network access point, no router is required to print via the WPS-1—allowing for increased flexibility in workflow, design, and hardware arrangement.

A single WPS can connect with two identical DNP photo printer models for speed/redundancy or two different models for an increased range of print size options. The device allows for multiple print sizes including 4"x6", 5"x7", 6"x8", 8"x10", and 8"x12" depending on the printer combination and media.

About Imagingcomm America Corporation (IAM)

IAM is a 100 percent U.S. subsidiary of Dai Nippon Printing Co., Ltd. (DNP) – the world’s largest manufacturer of dye-sublimation media for photo printers and thermal transfer ribbons and barcode printers.

DNP Imagingcomm America Corporation has the broadest selection of solutions for the photo retail market and products designed to address retailer’s specific business goals and objectives—backed by the quality and reliability today’s customers expect. Manufacturing, sales and development offices of dye-sublimation media for photo printers is located in Concord, N.C., and more information is available at www.dnpimagingcomm.com.

About DNP

Imaging Communications Operations is one of many of DNP's operations. Over 25 years ago, DNP was one of the first organizations to pioneer dye-sublimation media -- and the oldest company to start business development in thermal transfer ribbons. DNP has since grown to be the world's largest manufacturer of dye-sublimation media and thermal transfer ribbons.

DNP group is also the world's largest diversified printing/coating technologies company. At its 71 production plants, both in Japan and overseas, DNP's operations include commercial printing, packaging, decorative materials, electronics, business forms and information media supplies. DNP is a global corporation with \$15.4 billion* in annual revenue. For more information, please visit www.dnp.co.jp/eng
