

Wireless connect module

- Wirelessly print from macOS® and iOS® devices
- Supports DNP printers
- Easy configuration
- Print to multiple printers
- Perfect for small to medium size events

Wireless Ready

Easily print wirelessly from macOS, iOS, Windows®, and Android® devices. The WCM allows iPad® booth operators to expand their offerings by seamlessly printing their photo booth images.

WiFi Hotspot

The WCM creates a WiFi hotspot that allows event attendees to print to DNP printers from their phones without connecting to the venue's WiFi network.

Connects to Your Network

WCM connects to your network to provide Internet access – allows you to print and send images to social networks simultaneously.

Specifications

- Compatible Printers: QW410, DS620A, DS-RX1HS, DS820A.

Compatible with DNP Printers

The WCM supports these award-winning DNP printers.

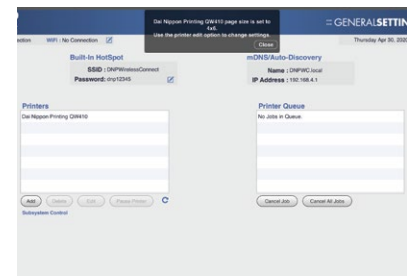

Easy to Configure

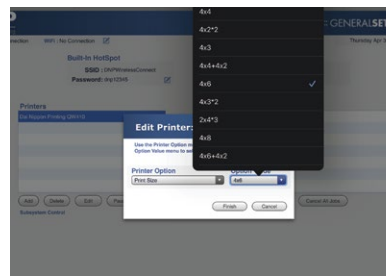

The WCM's admin page is accessed through a browser and allows the user to add printers, change print sizes and settings.

Displays available printers.

Connected printers will be displayed here.

Set print size.

Connect to outside WiFi network to provide internet access.

Great for social media sharing at events.

Print to Multiple Printers

Connect multiple printers to allow for even faster output, or connect an 8" printer to allow for larger print sizes.
