DNP Brings the Magic of High-Quality, Long-Lasting Photo Prints to Photo Booth Expo 2023

Concord, NC – February 2, 2023 – Photo booths make way for the opportunity to capture your most authentic moments. It doesn't matter if you are posing alone, with your best friend or with the love of your life, you will be cementing a moment you will never forget.

To exhibit the importance of these precious moments, [DNP Imagingcomm America \(DNP IAM\)](#), the world's leading innovator of dye-sublimation photo printing products, will feature the best and latest photo booth printing technology that is providing users with immediate, long-lasting prints. [Photo Booth Expo \(PBX\)](#) attendees will have the opportunity to experience the DNP IAM printer speed and quality at booth #817 from February 21 - 23 at South Point Casino and Resort in Las Vegas, NV.

“Photo booths turn your happiest and most vulnerable moments into print. Here, you have the chance to capture life's most exciting moments; a first kiss, a proposal...but you also have the opportunity to eternalize life's simplest moments with the ones you love,” said Shinichi Yamashita, president of DNP Imagingcomm America Corporation. “At Photo Booth Expo 2023, we will feature our award-winning dye-sublimation printers that allow photo booths to provide quick, reliable and high-quality print images to their users. We look forward to connecting with our new and existing partners at the show.”

At booth #817, DNP visitors can experience the company's printers in person, including the [DS620A™](#), [RX1HS™](#) and [QW410™](#). The lineup of printers featuring DNP's award-winning dye-sublimation technology turns photo booths into instant memory makers, complete with a take home souvenir for every guest.

DNP's printing solutions employ cutting-edge dye-sublimation technology and high-quality media to ensure the best possible image quality. With DNP printers, you can make a memory that will last.

Visit DNP IAM at Photo Booth Expo 2023 at booth #817.

About DNP

DNP, founded in 1876, is the world's largest diversified printing/coating technologies company. At its 76 production plants, both in Japan and overseas, DNP's operations include commercial printing, packaging, decorative materials, electronics, business forms, and imaging products. Over 25 years ago, DNP was one of the earliest organizations to pioneer dye-sublimation media—and the first company to start business development in thermal transfer ribbons. DNP has since grown to be the world's largest manufacturer of dye-sublimation media and thermal transfer ribbons. For more information, please visit www.dnp.co.jp/eng.
